INVITATION LETTER

Dear Colleagues,

I would like to cordially invite you to the WFNS XVI. World Congress of Neurosurgery to be held August 20-25, 2017 in Istanbul, Turkey.

“If the whole world were one country, Istanbul would be its capital” Napoleon Bonaparte once said. Istanbul, once known as Constantinople and Byzantium before that, is a bridge connecting two worlds; the East and the West. The city hosts astonishing accumulation of cultures, religions, beliefs, races and languages. With its history dating back to ancient times, Istanbul has managed to blend the traditional and the modern in the attractive multi-cultural mosaic. I personally assure that you will find something interesting and delightful to your own personal taste.

It is a great pleasure and honor to have the opportunity to organize such a prestigious congress in Istanbul. The Istanbul Congress Center, which is within walking distance to 4-5 star hotels, is built in the heart of the city and it is ready to house more than 10,000 guests. This unique location of the venue promises all participants a taste of Istanbul just a few steps away.

Resembling the city’s harmonic blend of cultures we aim to make “WFNS XVI. World Congress of Neurosurgery” a great opportunity to gather neurosurgeons from all around the world. Exceptional location of Istanbul, which allows direct flights from almost every part of the world as well as the facilities that suit every budget, certainly helps to accomplish this mission. In addition to all the advantages of the host city, to make the congress an exceptional one, the officers of WFNS 2017 are fully committed to achieving high level of scientific quality.

I look forward to welcoming you all in Istanbul, August 20-25, 2017.

Sincerely,

Uğur Türe

Founded in 1955, the World Federation of Neurosurgical Societies (WFNS) is a professional, scientific, non-governmental organization comprising 5 Continental Associations, 114 National Neurosurgical Societies and 5 Affiliate Societies, representing some 30,000 neurosurgeons worldwide.

The WFNS is governed by an Executive Committee (EC) consisting of two delegates from each member society and an administrative council composed of the officers of the federation, who are elected every four years. The EC meets every two years and is guided by the administrative council which meets at least annually.

The World Federation of Neurosurgical Societies aspires to promote global improvement in neurosurgical care. The mission of the WFNS is to work together with member societies to improve worldwide neurosurgical care, training and research to benefit the patients.

The goals of the WFNS are deliberated and pursued through scientific, standing and ad-hoc committees and during the International Congress of Neurosurgery which takes place every four years.

The WFNS works to increase visibility and credibility of its activities among neurosurgeons, researchers, other health professionals, international professional organizations and the general public. This is accomplished through publications, surveys, campaigns, a website and cooperation with other medical and lay organization.

Welcome to Turkey, a country that bridges two continents and which for over ten thousand years has been the home of the great cultures and civilizations of the world!

When in Turkey, one is in the land of the ‘Mother Sun’, who gives her name to the land ‘Anatolia’. The 8000-kilometer long seductive coastline displays limitless shades of ‘Turquoise’ for one to enjoy. The golden beaches, undiscovered virgin bays, and the whisper of gentle breezes await one there.

When you are in Turkey, you breathe the same air as Homer, who created the Aegean legacy; Marcus Antonius and Cleopatra, who chose the Mediterranean coast of Anatolia for their honeymoon; the saints Virgin Mary and St.John who found peace in this land; and as Mevlana, the great philosopher, who said: ‘Come again, come whoever you are!’ And think of Yunus Emre, the great poet of universal love; and Atatürk, the charismatic leader, who founded the contemporary Republic of Turkey; all have experienced the wonders of this mystical land.

This is a land, where the fabulous gods and goddesses of mythology lived their grandeur, where you have the chance to bathe in the waters, where the Aphrodite once bathed, or to celebrate wine festivals, which Dionysus had inspired. Many poets and painters lost their hearts to the diversity of this land. One moment you are in the Early Bronze Age, another you live the richness of the Roman Civilization, or you may feel yourself like a Sultan in the glorious palaces of the Ottoman Empire. You are very welcome!
GENERAL INFORMATION ABOUT TURKEY

Language
Turkish is a Ural-Altaic language related to the Finno-Ugric. Turkish is written in a Latin alphabet and spoken by some 150-200 million people around the world. English, German and French are widely spoken in cities and resorts.

Currency
The Turkish Lira (₺) is available in notes and coins. The exchange rate is determined daily; several banks and exchange offices are available. Traveler’s checks can be cashed in most banks. Hotels and many shops and restaurants accept foreign currency. There is no limit to the amount of foreign currency that travelers can bring cash. Hotels, most restaurants and shops accept all major credit cards (American Express, VISA, MasterCard, Diners Club).

Tax
The current VAT rate in Turkey is 18% except for accommodation which is currently 8%. Please note that these rates are subject to change.

Time zone
Turkey is in the Eastern European Time Zone. Eastern European Standard Time (EET) is 2 hours ahead of Greenwich Mean Time (GMT+2).

Climate
Due to the variety of its physical features, Turkey possesses a mixed range of different climate types. The Mediterranean and Aegean coasts have mild winters and hot summers whereas the Black Sea coats have a wetter climate with rain all year round. The region of Marmara where Istanbul is located, climate is a combination of both with pleasantly warm spring and fall, with hot dry summer and relatively cold winter.

Electricity
Voltage in use is 220 V.

Weight and Measures
Turkey uses the metric system for weight and measures.

Opening and Closing Times
Banks are open weekdays; 08.30 am - noon and 1.30 pm - 5.00 pm. Museums are generally open Tuesday-Sunday 9.30 am - 4.30 pm and closed on Monday. Shops are closed all day on Sunday except for large malls.

Turkish Hospitality
Hospitality is one of the cornerstones of the Turkish way of life. Turkish people are the most gracious and generous hosts as a result of their natural instincts. In every corner of the country such a traditional hospitality will meet you. Every individual feels bound to honor his guest in the best possible manner.

Turkish Cuisine
The Turkish Cuisine has the extra privilege of being at the crossroads of the Far East and the Mediterranean, which mirrors a long and complex history of Turkish migration from the steppes of Central Asia, where they mingled with the Chinese, to Europe where they exerted influence all the way to Vienna. All these unique characteristics and history have bestowed upon the Turkish Cuisine a rich and varied number of dishes, which can be prepared and combined with other dishes in meals of almost indefinite variety. Whether at home or at a famous restaurant or at a dinner in a mansion, familiar patterns of this rich and diverse cuisine are always present.
“There God and human, nature and art are together, they have created such a perfect place that it is valuable to see.” Lamartine’s famous poetic line reveals his love for Istanbul, describing the embracing of two continents, with one arm reaching out to Asia and the other to Europe. Istanbul, once known as the capital of capital cities, has many unique features. It is the only city in the world to straddle two continents, and the only one to have been a capital during two consecutive empires - Christian and Islamic. Once capital of the Ottoman Empire, Istanbul still remains the commercial, historical and cultural pulse of Turkey, and its beauty lies in its ability to embrace its contradictions. Ancient and modern, religious and secular, Asia and Europe, mystical and earthly all co-exist here. Its variety is one of Istanbul’s greatest attractions: The ancient mosques, palaces, museums and bazaars reflect its diverse history. The thriving shopping area of Taksim buzzes with life and entertainment. And the serene beauty of the Istanbul strait, Princes Islands and parks bring a touch of peace to the otherwise chaotic metropolis.

Istanbul: A unique city on two continents; easy to reach with direct flights; higher participation with attendance of local and regional doctors; state-of-the-art meeting facilities; excellent accommodation in walking distance, unique event venues.

A lively and friendly city with an enormously rich culture and history. Even if only once in your life you should experience the buzz of Istanbul.

Istanbul is accessible by air, sea, rail and road. Air transport is perhaps the most significant considering overall congress requirements but other modes of transportation maybe more convenient for visitors from neighboring countries.

**AIR:**

1) Atatürk International Airport is located at 24 km south west of city and able to welcome more than 20 million passengers every year. Getting from the airport to the city entails a bus, taxi or taxi-train trip combination.

2) Sabiha Gökçen International Airport is located on the Anatolian shore of Istanbul at a distance of 50 km to Taksim.

A big number of popular regular services from the Middle East, the USA, and Australia drop in on Istanbul. More than 111 non-stop international flights are serviced by national carrier Turkish Airlines per day to both of the airports in Istanbul. Together there are some 430 international flights per day.

**ROAD:**
A number of local bus companies service other European destinations

**RAIL:**
Connections to European capitals as well as to Ankara, Izmir and East Anatolian cities.

**SEA:**
Connections to European ports and a port-of-call for Mediterranean Cruises.

**TURKISH AIRLINES**

Turkish Airlines, the flag carrier of Turkey, organizes expeditions to 50 domestic and 230 international points (with 50 domestic and 230 international airports, totally 280 airports).

In all these points, there are sales / station units, agencies and general sales agencies to serve passengers.

Turkish Airlines fly to more countries than any other airline in the world.
Various transportation vehicles are available in Istanbul, one of the biggest cities in Europe. Railroads, bus lines, and trams are supported by sea vehicles that travel between two continents.

**BUSES**
Metropolitan buses in Istanbul are frequent and economic. They travel to almost any point within the city and some villages around the city.

**RAILWAY**
The modern subway and tram system is one of the most convenient means of transportation in Istanbul.

**SUBWAY**
The Istanbul Metro, or the M2, is a mass transit underground railway network, running from the Airport to the Sariyer.

**TRAM**
The tram lines are Zeytinburnu-Kabatas, Güngören-Bagcilar and Edirnekapi-Sultançiftliği. Taksim, the cultural and entertainment center of the city is accessible from Kabatas by a short funicular railway.

**SEA**
The sea route is usually the quickest way between the European and Asian sides, particularly during rush-hour. Ferries connect the two sides of the city.

**TAXI**
Licensed taxis in Istanbul are yellow and have registration numbers on the sides. They can be found on the ranks or hailed on the street.

**DOLMUS**
One practical solution to transportation in Istanbul is the dolmus, a shared taxi seating 7 or 8 passengers that operates on specific routes through the busiest parts of the city until midnight.
